

Biography

Vincent Weyl IoTecha

Vincent Weyl is Senior VP of Growth at IoTecha. He leads business development efforts in North America and helps shape the company's go-to-market strategy. He brings over 20 years of experience in telecommunications and Internet of Things, and over 5 years working with utilities on grid modernization and transportation electrification. Vincent combines a deep technical expertise with a solid business acumen and has a track record of bringing innovative technology solutions to market.

Prior to joining IoTecha in March 2021, Vincent was VP of Marketing at Kitu Systems, Director of IoT Marketing at Nokia, founder and CEO of Ideafy, an innovation management company, and VP of Emerging Technology and Innovation at Alcatel-Lucent.

Vincent holds a MSEE from ISEP in Paris and an MBA from EM Lyon.
