

CharIN North America Member Meeting, Wednesday, June 3, 2026, 4:30-6:30pm, American Center for Mobility, Long Term Garage, 2701 Airport Drive, Ypsilanti Township, MI 48198

Time	Session Title	Description	Speakers
4:30-4:35	Opening Remarks	Welcome & Introductions	Erika Myers, Exec. Director, CharIN NA
4:35-4:45	State of the EV Charging Ecosystem	Retrospective on the NACI Task Force, state of the U.S. EV market and what issues are left to tackle.	Cliff Fietzek, Global Head of Asset Management, ABB e-Mobility (invited)
4:45-5:05	Trusted Roaming Hub Update	Presentation from the National Laboratory of the Rockies to introduce the core architectural concept of a neutral, cybersecurity-forward “switchboard” for North American roaming.	Sarah Hipel, Strategist, Cyber Security Researcher, National Laboratory of the Rockies
5:05-5:40	North America V2G Update	Vehicle Grid Integration (VGI) is moving beyond pilots and into real-world deployment—but key challenges remain. This panel brings together industry leaders to examine the current state of V2G standards across North America, including progress on ISO 15118-20 and grid integration frameworks.	Ken Williams, Director, Charging & Energy Services CX, Ford Motor Company
			Mengjia Cao, High Voltage Charging Standards and Regulations Lead, General Motors
			Yuki Hatagishi, Researcher, National Laboratory of the Rockies
5:40-6:15	Interoperability Progress & Real-World Lessons	Hear directly from Festival participants as they share firsthand insights from live interoperability testing. This panel will highlight what’s working across charging networks, vehicles, and standards—and where critical gaps remain. Panelists will offer practical recommendations for how CharIN and the broader industry can accelerate progress toward a more seamless, reliable charging experience.	Keith Beckstead, Senior Director, Engineering, EVgo
			Kor Meelker, Senior Director, Global Standards, ChargePoint
			Steven Grisdale, EV Powertrain Project Engineer, Nissan North America
6:15-6:30	Open Member Forum & Closing Remarks	Interactive session to discuss interop gaps, what testing activities should be included at future Festivals, and other critical topics.	Erika Myers, Exec. Director, CharIN NA
