Dear Sir or Madam,

with reference to your above request for proposal, we are submitting the attached proposal, to which we shall be bound until the expiry of the contract award and binding period.

We declare that

- we have taken full note of all tender documents and accept them as binding,
- we have also taken full note of the requirements for the deliverables set out in the specifications, the deliverables offered by us meet these requirements in full and we undertake to meet these requirements for the entire extent of the contract,
- all our deliverables to be provided to you comply with the statutory provisions at all times and we fulfill the necessary legal requirements for the completion of the deliverables as tendered,
- we have had the opportunity to receive and review all information required for the tender, in particular we have taken note of the bidder communication from the requesting party,
- we have taken into account all information provided during the bidding phase when preparing the bid,
- we have only based the bid on our own price calculations and we have not entered into any agreements with other bidders regarding pricing or the granting of advantages to co-bidders and will not do so after submitting the bid.
- no insolvency proceedings or comparable statutory proceedings have been opened or applied for or such application has been rejected for lack of assets we are not in liquidation.
- we have not committed any serious misconduct that would call our reliability into question.

We are aware that any deliberately false information in the proposal may result in our exclusion from further RFQ.

We agree that the personal data provided by us may be processed and stored for the award procedure.
